ALLOCATIONS FOR EMERGENCY PROJECTS **INFORMATION**

BACKGROUND

The California Transportation Commission by Resolution G-11, as revised by Resolution G-94, delegated to the Department of Transportation (Department) authority to allocate funds to correct certain situations caused by floods, slides, earthquakes, material failures, slipouts, unusual accidents or other similar events. This allows the Department to immediately begin corrective action in an emergency condition without waiting for the next CTC meeting to receive an allocation.

This authority is operative whenever such an event:

1. Places people or property in jeopardy.
2. Causes or threatens to cause closure of transportation access necessary for;
 - a. Emergency assistance efforts.
 - b. The effective functioning of an area's services, commerce, manufacture or agriculture.
 - c. Persons in the area to reach their homes or employment.
3. Causes either an excessive increase in transportation congestion or delay, or an excessive increase in the necessary distances traveled.

The G-11 Resolution also requires the Department to notify the California Transportation Commission, at their next meeting, whenever such an emergency allocation has been made.

SUMMARY AND CONCLUSIONS

Pursuant to the authority granted by Resolution G-11, State funds totaling \$3,250,000 have been allocated for four (4) emergency construction projects on the attached list.

Project #1, Del Norte County about 0.3 km north of Patricks Creek Bridge #1-14. - Award G-11 Allocation was necessary to prevent falling rock on highway.

Project #2, Near Lucia at 0.2 miles north of Limeklin Creek Bridge #344-58. – Award G-11 Allocation was necessary to place a higher energy system to stop falling rocks on highway.

Project #3, Near Buelton, at 0.1 mile north of Old Coast Highway. – Supplemental G-11 Allocation was necessary to maintain, clean up and prepare site for upcoming major restoration project.

Project #4, Near Lompoc, at 0.1 mile north of Ytias Creek Bridge. – Supplemental G-11 Allocation was necessary to address the continuing erosion and mud flow and prevent reoccurrence.

2.5 Highway Financial Matters

2.5f(1) Informational Report - Emergency G-11 Allocations
